ABOUT ME

I started developing games with Unity when I was fifteen.
It was my dream to be a game developer and I am lucky to live that dream.

EXPERİENCE

Intern Game Developer- Gyroscoping

June 2022 - October 2022

During the time I worked, I prepared an object pooling asset ready to be sold on the asset store using editor scripting.

Freelancer on Upwork - Game Developer

I provide freelancing services through Upwork. I accept game development projects.

PORTFOLIO

You can take a closer look at my portfolio to explore the projects I have developed and my skills by visiting.
